2014-2017 Fire Management Group MOU

Shift Selection – Police Management Group

Unit members will be allowed to select their first shift of each year based on seniority; otherwise, they will continue the same shift rotation.

Members assigned to the Patrol Division will be allowed to trade platoon assignments with another member of the same rank by requesting and receiving written approval of the Division Commander at least 30 days prior to the beginning of the shift rotation. The Police Department reserves the right to insert personnel into the rotation as necessary for training purposes, which may cause existing personnel to be temporarily or permanently moved to a different platoon. The Department reserves the right to insert personnel into the rotation as necessitated by reassignments and promotions. The Department reserves the right to make platoon reassignments in the event of other necessities that might arise for the orderly functioning of the Department.

2009-10 Police Management Group MOU, Section 16

Shift Rotation – Police Officers

Platoons shall rotate (“shift rotation”) every four months. Police Officers shall select three consecutive four-month shifts in October of each calendar year. The selections shall commence being implemented in January of each calendar year and the rotation shall occur every four months thereafter.

Order of selection of the three consecutive four-month shifts shall be based upon consecutive year’s seniority as a sworn police officer in the employment of the City of San Gabriel. The most senior officer shall first designate the selected shifts, with selections to be followed in order of descending seniority.

However, in no circumstance shall an officer be permitted to select assignment to more than six consecutive shifts of the same platoon. Therefore, in making the shift selections after working six consecutive shifts on the same platoon, it is mandatory that an officer select assignment to one platoon that is the opposite of the time of day represented by the six consecutive shifts previously designated. For example, the opposite of Platoon 1 is Platoon 3 or Platoon 4.

The above method of selecting shifts shall be subject to exceptions based on the following requirements/circumstances:

1. A minimum of two Field Training Officers shall be assigned to each platoon. Continuation or modification of this requirement to provide for less than two Field Training Officers lies in the sole discretion of the Police Chief, with the determination of the Police Chief not being subject to the meet and confer process or administrative or civil challenge of any type.
2. In order to be permitted to participate in the shift selection procedure, an officer must maintain an evaluation of at least “meets standards” for a minimum of two of the three most recent regular evaluation periods. If the officer fails to meet this criteria, the officer shall be prohibited from selecting shifts during the next

regularly scheduled shift selection process, with the officer's shift(s) being designated by department management.

3. Officers assigned to limited duty ("limited duty" as used in this policy refers to permanent and/or temporary limited duty) shall for the duration of that limited duty status be assigned to a shift at the discretion of department management. If an officer is assigned to limited duty on the date(s) that the shift selection occurs for the ensuing three consecutive shift rotations, the officer shall be permitted to participate in the shift selection process, but shall be assigned during the period of limited duty at the discretion of department management.
4. It is agreed and acknowledged by the parties that implementation of this shift rotation policy shall inevitably result in one or more officers being unable to select the first, second, or third shift(s) desired by that officer. In the case of a limited duty employee, he/she shall be allowed to select shifts, but during the term of the limited duty, shall be subject to assignment by department management to a shift other than that which was selected.

It is further agreed and acknowledged that as a result of an exercise by department management of its discretion to assign a limited duty employee to other than a shift selected by that employee, one or more other employees who have selected shifts pursuant to this policy, shall be displaced from that shift(s) as the result of a limited duty employee being assigned by department management and displacing the employee who selected shifts pursuant to this policy.

Therefore, neither the limited duty employee, an employee displaced because of department management's assignment of a limited duty employee, nor the SGPOA or any other entity, shall have standing to exercise the grievance procedure in connection with failure to actually be assigned to, and allowed to perform duties on, that employee's selected/desired shift.

5. The limited duty provisions of this shift rotation policy shall take precedence over any preexisting policy, practice or method of shift assignment as to any limited duty employee. Additionally, this policy shall not preclude department management from assigning a member of the represented unit to an assignment consistent with a Vocational Rehabilitation Plan Agreement, but which is not an assignment that participates in this shift rotation policy.

Once a probationary officer has completed probation, he/she can select their shift at the next regularly scheduled selection period.

For purposes of calculating the maximum number of shift rotations that an officer may select, the calculations will begin fresh as of the rotational periods commencing January 2011.

2010-11 Police Officers' MOU

Subpoena Notice**Police Management Group**

The City will make every reasonable effort to notify police personnel that they have been served with a subpoena to appear in court 48 hours prior to the scheduled court appearance. However, both parties recognize that there will be exceptions such as the officer is on vacation and cannot easily be located, the subpoena was received after the 48-hour period, etc.

2009-10 Police Management Group MOU, Article 17

Police Officers' Association – Staffing Plan

The City will make every reasonable effort to notify officers that they have been served with a subpoena to appear in court 48 hours prior to the scheduled court appearance. However, both parties recognize that there will be exceptions when it is impractical to give such notice.

The Police Chief will issue a memo regarding minimum staffing. However, if during the term of the 2009-10 MOU the state of California takes or borrows more than \$100,000.00 in revenues from the City, the City can reopen the issue of minimum staffing at its option.

2009-10 Police Officers' Association MOU, Article 19

BASIC COMPENSATION – Appointment, Promotion, and Severance

Compensation to Be Set By Council

The San Gabriel City Council shall set forth and fix the maximum salaries to be paid to persons holding the designated positions with the City of San Gabriel. All salaries and compensation are hereby fixed in the amounts hereinafter stated on a monthly or hourly basis, and shall be paid biweekly, with the exception of the members of the City Council, the City Clerk, the City Treasurer, and the City Attorney, who shall be paid monthly.

The City Council may, upon the preparation of the budget and approval thereof, and in compliance with the Meyers-Milias-Brown Act, fix salaries in lesser amounts than the amounts stated in the current salary schedule adopted by Council, and no salary shall be paid or received in any amount greater than that fixed in the budget or salary schedule for the fiscal year in which the service of the official or employee is rendered. Nothing herein is intended to override or supersede applicable federal and state law or Memorandums of Understanding that have been approved by the City Council.

Resolution No. 02-12, Sections 2 & 3

Basic Compensation Plan

The basic compensation plan shall consist of the compensation ranges set forth in the City salary schedule. Each such range shall include five steps or rates of pay. All temporary employees whose positions call for a step plan shall be subject to the step plan called for in the salary schedule.

Resolution No. 02-12, Section 4

Advancement in Rate of Compensation within Any Range

Employees shall be considered for compensation adjustment within their respective compensation range prior to the adoption of each budget by the City Council of the City of San Gabriel. Advancement in rate of compensation of employees within their respective ranges shall be based upon the time served in their employment with the City of San Gabriel, satisfactory performance in such employment, recommendation of the department head and approval of the Personnel Director, and financial ability of the City to make such adjustments and shall be progressive as follows:

"B" step upon the completion of six months continuous service in "A" step.

"C" step upon completion of 12 months continuous service in "B" step.

"D" step upon completion of 12 months continuous service in "C" step.

"E" step upon completion of 12 months continuous service in "D" step.

In recommending compensation adjustments in the budget, the department heads shall take into consideration the ranges in the basic compensation plan and the factors mentioned in this section.

Resolution No. 02-12, Section 7

Full-time and Part-time Employment

All rates of compensation prescribed in the basic plan are the standard rates of compensation authorized for full-time employment. When employment in any class is on a part-time basis, only the equivalent part of the rate for the time actually employed shall be paid. When in the opinion of the City Manager, it is in the best interest for the service of the City, it shall be permissible subject to the provisions of the adopted salary schedule to pay substantially equivalent compensation according to the basic compensation plan, or on any time basis other than that specified in the basic compensation plan.

Resolution No. 02-12, Section 9

Initial Appointment

The rate of compensation in the case of initial permanent appointment to any class listed in the current salary schedule shall be at the minimum step in the range, provided that the City Manager may approve a higher rate of compensation at any step within the range if he/she shall find that the person appointed thereto is reasonably entitled, because of his/her experience or ability, to a rate in any one of the steps above the minimum or that is impracticable to obtain qualified appointees at the established minimum rate or at any one of the higher steps below the maximum. In no instance shall the rate of compensation allowed for any class be less than the minimum prescribed therefore.

Resolution No. 02-12, Section 5

Promotion and Advance in Rate of Compensation

When an employee is promoted to a classification with a salary range higher than the range for his/her former position, his/her new salary shall be determined by selecting the step in the salary range for his/her new position, which is a minimum of 2.5% above his/her previous rate of compensation. In no case shall his/her new salary be lower than Step A of the new range nor higher than top step of the new range.

Time spent while attending employee

initiated training shall not be considered as time worked for purposes of computing overtime. The City retains the right to require overtime to be worked as necessary.

APPENDIX

Military Differential Pay – Appendix A

MILITARY LEAVE SUPPLEMENTAL DIFFERENTIAL PAY & BENEFIT POLICY

Purpose:

To set forth the City's policy as it relates to Military Leave of Absence for full-time, regular employees.

Authority:

California Military & Veterans Code § 389 *et seq.*; Federal Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), 38 U.S.C. §. 4301 *et seq.*, and City Council action of November 19, 2002.

Definitions:

1. "Uniformed Services" for the purpose of this policy is defined as Reserves of the Army, Navy, Marine Corps, Air Force, Coast Guard, Army National Guard, Air National Guard, as well as any other category of persons designated by the President of the United States in time of war or emergency.
2. Service in the "Uniformed Service" means the performance of duty on a voluntary or involuntary basis, including active duty, active duty for training, initial active duty for training, inactive duty training, and full time National Guard duty.

Benefits:

In order to qualify for benefits under this policy, an employee must be absent from work because they have been involuntarily called to active service in the Armed Services or Uniformed Service in time of National or State emergency. For voluntary service, inactive duty training and annual training in the uniformed service, all benefits shall be as required under the California Military & Veterans Code § 389, *et seq.*, and the Federal Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), 38 U.S.C. § 4301 *et seq.*

Wages:

An employee on Military Leave as a result of being involuntarily called for active service in the Uniformed Service during time of National or State emergency will continue to receive their full salary for a period of one month (30 calendar days) from the date they are ordered to report for duty.

Employees who are on active duty longer than 30 calendar days, will be provided supplemental differential pay if the employee's base monthly military pay plus any regularly recurring bonus, specialty, uniform or other enhancements to base monthly military pay is less than his or her base monthly City pay, plus any regularly recurring bonus, specialty, uniform or other enhancements to base monthly City pay. Then, for an additional 335 days following the conclusion of the initial one-month period, the City will continue to pay the difference so that the employee's base pay per month at least equals the amount of pay she/he would earn if she/he would not have been mobilized, subject to all necessary and appropriate deductions and withholdings.

In order to access this continuation of wage benefit, the employee must provide documentation of their military pay in a form acceptable to the City Manager or his designee.

Health Insurance Benefits:

Medical/Dental: The City will continue the City's contribution to the employee's medical and dental coverage for up to one year commencing with the date the employee is ordered to report for duty for active service in the Armed Services or Uniformed Service during time of National or State emergency.

Vision/EAP: The City will continue City-paid coverage for vision and access to benefits provided by the City's Employee Assistance Program (EAP) for up to one year commencing with the date the employee is ordered to report for duty for active service in the uniformed service during time of National or State emergency.

LTD/Life/AD&D: Underwriting policy for the City's Long Term Disability (LTD), Life Insurance and Accidental Death & Disability (AD&D) plans require that an employee be "actively at work" for continued coverage or have as an exclusion Military Service. Due to these carrier restrictions, coverage under these plans is suspended during the period the employee is on Military Leave of Absence for active service in the uniformed service during time of National or State Emergency.

Accrual of Benefits:

Vacation/Holiday/Sick: Accrual of vacation, holiday and sick leave will continue while the employee is on paid status during the period of Military Leave for active service in the uniformed service during time of National or State emergency.

Public Employees Retirement Law and Military and Veterans Code:

PERS contributions: During the period in which the employee continues to be on the City payroll, the employee's regular City salary will be reported to PERS and administered according to the PERS contract. A copy of the PERS contract, detailing all benefits, is available in the Finance Department.

Procedure:

1. Employees who volunteer or are called to active (or inactive) military service shall give their respective department head reasonable notice of such orders, within the limits of military regulations.
 - a. Whenever possible, the employee shall notify his/her department of such leave request at least ten (10) working days in advance of the beginning date of such leave;
 - b. When making a military leave request, the employee shall provide a copy of his/her active/inactive duty orders to his/her supervisor.
 - c. When in the performance of inactive duty (or weekend) training the employee shall comply with "a." and "b." above, in addition

to arranging workload priorities and work schedules to cover these situations.

2. The department director shall notify Personnel in writing (Personal Action Form) of any employee who will be reporting to active military service, including a copy of said orders.
3. The employee must submit proper documentation of their military pay. Proper documentation may include but is not limited to a pay stub or other deposit information and indicate base pay, bonuses, specialty pay, etc.
4. The employee's department will forward this information to payroll staff.
5. It is the responsibility of the employee to submit documentation to the City anytime their military pay changes.

Return to Work Status:

Upon the employee's release from active duty and if medically able, the City will require that the employee return-to-work for at least six months. Any employee who is provided this benefit must return to work consistent with the Military and Veterans Code. Employees who have received benefits and elect not to return to City service following active duty for reasons other than their own medical condition, and within the required reporting periods, would be required to repay the City for the costs of all supplemental compensation in accordance with the Military and Veterans Code.

Reemployment:

Pursuant to provisions of the USERRA, an employee returning from Military Leave is entitled to reemployment to his/her previous position (or a position of similar seniority, status and pay) if:

1. The person has given advance written or verbal notice of such military service;
2. The cumulative length of the absence and of all previous absences from a position of employment with the City does not exceed five years; and
3. The returning veteran reports to, or submits a reemployment application, to the City in accordance with the notice requirements listed below (38 U.S.C.§ 4312(a)).

The notice requirements for reemployment are:

Length of Absence from Employment Due to Uniform Service	Deadline for Applying for Reemployment
Less than 31 days	Eight hours following their return from service to report for their next scheduled work period.
Between 31 & 180 days	Fourteen (14) days following their return from service to apply for reemployment.
More than 181 days	Ninety (90) days following their return from service to apply for reemployment.
